NORTH DELTA MUNICIPAL WORKS UNIT (FICTIONAL)

File: ND/MW/26-041 | Procurement section / mechanical works

CORRIGENDUM / AMENDMENT NOTICE
Reference ND-MW-2026-041, issued 28 October 2026

This notice amends the invitation dated 20 October 2026 for road-maintenance equipment. It is **not a complete replacement tender**. Apply the substitutions below to the referenced clauses. All provisions not expressly amended remain unchanged.

Reference	Existing wording / figure	Read instead / operative revision
Page 1, clause 1	10 November 2026, at 14:00 hours	17 November 2026, at 14:00 hours. Opening will follow at 14:30 hours on the revised closing date.
Page 1, clause 2	not less than two (2) years	not less than three (3) years of comparable supply experience
Page 2, B.2	BDT 50,000	BDT 75,000. The security validity period remains 90 days after closing.
Page 2, B.3	within 45 calendar days	within 60 calendar days of the purchase order

ADDITIONAL INSTRUCTIONS TO BIDDERS

(a) Insert the following condition after the experience provision: **At least one completed comparable supply contract with a value of BDT 1,000,000 or more** must be evidenced by an acceptance certificate. This amount is a qualification threshold, not a revision to the procurement allocation.

(b) Delete the requirement to hold an **ISO 9001 certificate**, including its corresponding checklist entry. The requirements for trade registration, tax clearance and manufacturer authorization are retained.

(c) For avoidance of doubt, the indicative allocation remains **BDT 2,500,000**. The scope, quantities, payment terms and joint-venture permission are unchanged. Those clauses are not reproduced in full here.

Read both documents together. Historical dates and figures in the middle column above identify the text being replaced; they are not alternative current requirements.
